DETAILED ACTION

Response to Arguments

- 1) The amendment filed on March 24, 2004 has been entered.

Claim Rejections - 35 USC § 112

- 2) The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

- 3) Claims 1, 6-12 and 16-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1, 6-12 and 16-27 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The omitted steps are:

As for Claim 1, when the claim is directed to a method for a user for authorizing and providing evidence of payment of postage for a mail piece, there is no essential step to depict how this claim provides evidence of payment of postage (e.g., adding the step of "debiting from the user's account whenever handwriting a postage value field on the mail piece..."). All the steps are deemed to be mere non-functional steps that do not help establish or facilitate how the main object of the claim should be carried out. In this case, the user can handwrite whatever he/she wishes to write on the mail piece but without showing the essential step to link utilizing the digital pen to the payment scheme.

Art Unit: 3629

Additionally, the claim and specifications are also silent how to prevent the user from abusing the system. For example, the user can handwrite a postage value far lower than what it should be.

As for Claims 12 and 24, respectively, the claim is directed to a method for verifying payment of postage for a mail piece but there is no essential step to verify payment of postage (see Supra Claim 1 for the same omission).

Claim Objections

4) Claims 23-27 are objected to because of the following informalities:

In Claim 23, line 6; and Claim 24, line 8, respectively, --and-- should be inserted after “;”

In Claim 25, line 2; and Claim 26, line 2, respectively, “a” should be deleted after “using.”

Appropriate correction is required.

Allowable Subject Matter

5) Claims 1, 6-12 and 16-27 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
